Commentary

The Company enjoyed a good six months to 31 December 2006 with better sales and profit than for the same period last year.

Revenues for the half-year increased by 18.1% to \$650.3m and net profit after tax for the half-year increased by 18.4% to \$46.0m.

As a consequence the Board has announced a fully franked interim dividend of 17 cents per share.

In Australia the Company continued to grow its network, commencing trading from 17 new locations during the half-year. The Company now has 284 trading locations throughout Australia. With a number of locations having multiple businesses operating from the same site, this translates to a network of 327 outlets throughout Australia.

The Board is satisfied with the first nine months trading from the Company's 2 New Zealand outlets. There has been no variation in the plan to build a viable network in New Zealand over the longer term by greenfielding additions or through acquisitions if and when opportunities arise.

In its review of operations in the 2006 Annual Report, looking ahead, the Board anticipated continued growth and a continuing upward pressure on business costs. This has generally been the Company's experience. One of the most pressing challenges remains recruiting the right people to keep pace with the Company's growth. It is with unpredictable factors such as these in mind that the Board declines to forecast future growth rates at this time but does expect the Company to continue to grow given the continuing store roll-outs.

The Board is determined that the Company continues to focus on the principles and initiatives that have contributed to its solid performance over the longer term. With a focus on these areas, the Board is confident that the Company can maintain its position as Australia's leading distributor of plumbing and bathroom products.

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Reece Australia Limited and controlled entities which comprises the condensed balance sheet as at 31 December 2006, and the condensed income statement, condensed statement of changes in equity and condensed cash flow statement for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of Reece Australia Limited and controlled entities are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the financial position of Reece Australia Limited and controlled entities as at 31 December 2006 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Reece Australia Limited and controlled entities, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Reece Australia Limited and controlled entities is not in accordance with the Corporations Act 2001 including:

- (a) giving a true and fair view of the financial position of Reece Australia Limited and controlled entities as at 31 December 2006 and its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Regulations 2001.
